12/12/00 R99-11-022 Order Instituting Rulemaking into implementation of
Public Utilities Code Section 390

Summary: This is an augmented notice of Ex Parte Communication. On December 5, 2000, Kelly Lucas, Executive Director of The Cogeneration Association of California ("CAC"), met with Cmmr. Neeper; and on December 6, 2000 – with Cmmr. Bilas. Both meetings took place in San Francisco. At the meeting with Cmmr. Neeper also present was David Gamson, advisor to Cmmr. Neeper; and at the meeting with Cmmr. Bilas – Julie Halligan, advisor to Cmmr. Bilas. Michael Alcantar, counsel to CAC, participated in both meetings and Edmond Western, Director of CAC, also participated in the meeting with Cmmr. Bilas. CAC expressed its opposition to the Proposed Decision on the following grounds: (1) there was no "emergency" with regard to the Transition Formula, but there was an emergency with supply in the gas market and energy market; (2) there was no evidence that the gas border price indices were invalid or being manipulated; (3) the law requires the use of current border price indices and the Proposed Decision would rely on Southern California Gas Company's Core

Subscription WACOG which was not consistent with the law; and (4) the consequences of adoption of the order would likely reduce generation supply from cogeneration and self-generation suppliers thereby increasing the likelihood of electric supply emergencies and higher prices in the state.
